More to Consider

PHOTOGRAPHY ADD-ONS

Engagement Session

\$250

Your wedding day will be a hectic affair, but your engagement session will be a more relaxed and intimate experience. You'll get to showcase your love and connection in an authentic and natural way. Including an engagement session in your wedding package is an excellent decision for so many reasons.

First-Look Coverage

\$250

The first look is a modern tradition involving a one-on-one photo session between the bride and groom where they see each other for the first time prior to the ceremony to showcase the bride's gorgeous wedding dress, and the groom's spiffy new tuxedo. Usually, the first look and its location are decided far in advance before the wedding day.

Bridal Session

\$250

A bridal session gives you a chance to wear the dress you love so much, see your whole look, and soak up what you're about to do in a few weeks/months. It's then such a sweet surprise to have these photos printed and framed or put on a canvas to display at your wedding. These are always a hit with guests!
